Hi Mike,

As we discussed, I am attaching some information regarding fees on precedent transactions in the range of \$5-10B (please see attached file), in which the median fee is 0.51% of equity value.

In addition, the fees on our most recent transactions at Qatalyst are as follows:

3Par/HP (\$2.6B, 1.3%)

Netezza/IBM (\$1.9B, 0.85%)

Isilon/EMC (\$2.6B, 0.90% plus 0.30% for co-advisor Morgan Stanley =1.2%)

Based on the all of the above, present market conditions and the size of the potential transaction, if you were to ask for a proposal we would suggest the following:

A retainer of GBP 250,000 payable upon being formally engaged, to be credited against any transaction fee; a transaction fee of 0.50% of fully diluted equity value, of which 25% would be payable at announcement of a definitive agreement and the balance payable at closing; and reimbursement for out of pocket expenses.

Please let me know your thoughts at your convenience. We would be pleased to send a more detailed form of engagement letter if you would find that helpful.

Looking forward to getting some dates for your next visit to the US.

Wishing you and your family a very Merry Christmas and a Happy New Year!

Best regards,

Frank
